# MISSION STATEMENT

The mission of T.I.M.E. is to engage youth who have experienced multiple challenges in life by providing a comprehensive approach to academic, personal, and professional growth that will ultimately lead to the completion of high school and progression into post-secondary education or employment.

## WHAT IS T.I.M.E.?

The Tutoring, Intervention, Mentoring, and Employment (T.I.M.E.) program was designed by DeKalb County Juvenile Court to fill a vital service gap in the community. This initiative was also developed to ensure that DeKalb County youth 14-18 years of age, who are currently enrolled in DeKalb County Schools; graduate from high school and progress to post-secondary education, employment, and/ or advanced occupational skill training opportunities.

T.I.M.E. will provide youth with supportive services and the tools necessary for youth to continue in school and make a successful transition to adulthood.

Participation in the T.I.M.E program will include basic academic education, job readiness training, life skills, money management and budgeting, career development, preparation for the Georgia High School Graduation Test, personal and professional growth workshops, job shadowing, character education and mentorship.

## OUR GOAL

Our main objectives are to:

- Decrease DeKalb County drop-out rates
- Place youth in post-secondary education or advanced occupational skill training
- Provide services that positively impact the academic social and economic well-being of each youth
